

12 Parnell Crescent Gladstone Park VIC

3 1 2

This freshly painted throughout, family home has three bedrooms, two with built-in robes, a full family bathroom with a separate toilet, a spacious living room that flows to the dining room with space for a study area, a good-sized kitchen and a laundry room with external access.

Floorboards flow throughout the living and bedrooms, while recessed downlights give it a modern feel. Full-length windows and skylights make the most of the northerly aspect, flooding the living space with natural light.

Other features include split-system air conditioning, ceiling fans, gas stove and oven in the kitchen, and blinds throughout.

Two carports behind gates double as a covered alfresco area that offers plenty of space for casual entertaining.
